Cattle, Sheep Swine Report Is Issued

Virginia's Commission of the Industry of Agriculture today announced the release of its livestock industry report, which projects an average increase of livestock income of almost 70 per cent by 1980. This report is the first release in a series of task force reports resulting from Governor Godwin's request that the commission make a comprehensive study of what the future holds for Virginia agriculture.

According to R. S. Ellis, IV, of Mount Rush, Virginia, who chaired the livestock task force, this report gives information from the present to 1980, and includes the following highlights:

* Farm units will continue to become larger.
* Individual producers will market larger volumes of livestock at one time.
* Small farm operations will continue, but only as a supplement to off-farm income.
* All livestock (cattle, sheep and hogs) will be tailored to new consumer demand concepts.
* Sheep farming will tend to become a separate enterprise rather than a supplement to cattle or other farm operations.
* Home slaughter of hogs has virtually ceased, giving way to large-scale commercial production.
* Cattle will be finished for market at younger ages.

The three - volume report covering the beef cattle, sheep and swine industries marks the first time a study and projection of the Virginia livestock industry has been made by the people within the industry. Livestock task force personnel are already looking ahead enthusiastically and making adjustments to meet the opportunities of the next ten years as set forth in the report.

Additional task force reports will be released within the next several weeks. Copies may be obtained from the Commission of the Industry of Agriculture, P. O. Box 1163, Richmond, Va. 23209.

BLOODMOBILE Tuesday Give Time - Car Rides And Blood....152 Pints Needed.....

Request First

A farmer's first move in doing conservation work under the Agricultural Conservation Program (ACP ,should be to file a request. After the request is filled, then he may begin the work if he wishes to. However, a farmer can be assured a cost-sharing only after approval of the request by the ASC County Committee.

J.P. Alvis, Jr., Chairman of the Appomattox County Agricultural Stabilization and Conservation (ASC) Committee, advised farmers that the ASC County Committee cannot approve regular ACP cost - sharing for a practice completed before the request is filed.

Requests for approval of a conservation practice under the ACP must be made beforehand at the County ASCS Office, according to Mr. Alvis, so that ASC County Committee can budget the limited funds available and plan the conservation program for the year to best serve the interests of farmers and the public.

Under the ACP, the Federal government shares the cost of farm conservation practices needed in the public interest. The program is administered by the farmer - elected county ASC committee, with each request brought before the Committee for approval or disapproval.

ADVENTIST CHURCH
Mrs B. McDannel, Pastor
Sabbath School Lesson No. 3 for the County ASCS Committee can January 17, 1970
Church: At Peace With God
Text: "All things are of God, who has reconciled us to himself by Jesus Christ, and hath given to us the ministery of reconciliation; to wit that God was in Christ, reconciling the world unto Himself, not imputing their trespasses unto them; and hath committed unto us the word of reconciliation." 2 Cor. 5:18, 19.

This study describes what Christ has done and is doing to reconcile sinners to God. Reconciliation denotes a change in the status of two or more estranged individuals. The act of reconciliation performed by Jesus -- changed the relationship of man and God from enemity to friendship. The change is on man's not on God's part; but it is a direct result of God's approval and God's grace in giving Christ to ransom man from sin. Lesson Outline: Sin, without God in the world, Eph. 2:1-3, Col. 1:21. The Great Reconciler, 2 Cor. 5:18,19. Tues. Reunited by Christ's Death. Rom 5:8-11. Wed. Reconciliation Applied, Heb. 2: 14-18. Thurs. No Longer Alone Rom. 8:1-11-13. Fri. Grace in Action, Rom. 12:1,2. Note -- By His life and death, Christ has achieved even more than recovery from the ruin wrought through sin. It was God's purpose to bring about eternal separation between God and man; but in Christ we become more closely united to God than if we have never sinned. In taking our nature, the Saviour has bound Himself to humanity by a tie that is never to be broken. Through the eternal ages He is linked with us. For so loved the world, that He gave His only begotten Son; John 3:16. He gave Him not only to bear our sins and to die as an sacrifice; He gave Him to the fallen race, In Christ the family of earth and the family of heaven are bound together. Christ glorified is our brother. Heaven is enshrined in humanity and humanity is enfolded in the bosom of Infinite Love. -- The Desire of Ages, pages 25,26.

In Rom. 5:8-11, we read "But God commendeth His love toward us, in that while we were yet sinners, Christ died for us." Much more then, being now justified by His blood, we shall be saved from wrath through Him. "For if when we were enemies, we were reconciled to God by the death of His Son, much more being reconciled, we shall be saved by His life." And not only so, but we also joy in God through our Lord Jesus Christ, by whom we have now received the atonement. Atonement means, "At-one-ment" and is equivalent to "Reconciliation"
